TRAVERSE MAP

Mt. Tinengan

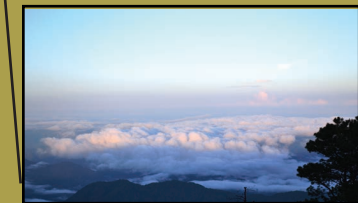

Situated on the mountain's belt, the trail is considered as one of the challenging pathways in completing the Mt. Purgatory climb adventure. Due to its steep terrain, tourists/hikers are advised to take precautionary measures while on their way.

Mt. Komkopol

Elevation: 2325 MASL

It is the highest point of Mt. Purgawwrtory Trail. It provides a magnificent view of Mt. Pulag, Kabayan and nearby Mt.. Salingsingan during good weather conditions.

Mt. Tangbao

-2200 MASL

The mountain features a flat grassland and provides a spectacular view of Benguet mountain ranges.

Mt. Bakian

Some of the Bokod native folks situated their abode in the area. (Cottages located in the area are also used as accommodation for tourists)

Formerly known as line 7, it was once a spar tree site (jump pole for tramline of the Benguet Corporation). It was named Mt. Purgatory because of the feeling of isolation due to coldness & darkness (thick vegetation) likened to the description of purgatory.

Mt. Mangagew

(a.k.a. Mangakew)

Elevation: 1705 MASL

The first mountain peak and the Japas jump-off Point. This area is a settlement for some of the local folks.

Mt. Pack

(a.k.a Mt. Banshila)- 2310 MASL

One of the highest mountains of Bokod where the long trail of mossy forest begins.
